## About Me

Tech enthusiast, ambitious, diligent and a self-taught web developer. I enjoy travel, learning, developing and use it as a motivation to constantly evolve and grow both individually and professionally.

## Education

Southern New Hampshire University      Manchester, NH      January 2019  
**Master of Science in Information Technology**

Montclair State University      Montclair, NJ      May 2009  
**Bachelor of Science in Biology**

## Software Experience

### Vanilla JS Calculator:

- The logic in this application is pure JavaScript, it is styled with CSS grid and is deployed using GitHub pages
- Check-out the website [here](#)

### Expense Tracker:

- Built on React and styled with CSS grid
- Hosted on Heroku, check-out the website [here](#)

### Twitter-Showcase:

- This application uses **Twitter's API**, it allows users to search recent tweets from their desired users.
- Twitter-Showcase is built with **NodeJS** on the backend, **React** on the frontend and is styled using **CSS Grid** and **Flexbox**.
- Hosted on Heroku, check-out the website [here](#)

## Core Proficiencies

Programming Languages: **JavaScript, SQL, HTML and CSS**

Technologies: **REACT, NodeJS, Express, Postgres, GitHub, Heroku, Netlify, Postman, CSS Frameworks: Bootstrap, Semantic UI, Material UI**

## Professional Experience

Scarlet Aquatics      Jersey City, NJ      2008 – Present

### Owner & Head Coach

- Work with all levels and groups within the organization: age ranges from 5yrs – 21yrs old.
- During my tenure as Head Coach the team increased in size by 25% and continues to grow.
- Manage and train our coaching staff regularly.
- Our swimmers are constantly among the best in the country representing our club at the highest competitions.
- Two swimmers from our club made the 2016 Olympic Games and currently have prospects for the 2020 Games.
- 95% of our swimmers go on to compete at the collegiate level at Division I, II & III schools.

City of Bayonne      Bayonne, NJ      2008 – Present

### Aquatics Director & Pool Manager

- Manage 80+ employees to ensure everyone is on the same page with our standard operating procedure.
- Managed a successful budget coming in at or under each season.
- Manage the facility to adhere to local, state and federal safety codes as well as bather codes.
- The number of swim lesson participants increases roughly 5% each season
- Maintain a great working relationship within our community, Fire Department, Police Department, and other Emergency squads through specific event planning activities geared towards these organizations.
